STILE,

a refined cookware collection for the lovers of made-in-Italy.

An unmistakable design in which pure lines find
harmoniously their place in everyday life.

Milan, September 2017

Mepra, leading edge company in the production of cutlery and steel articles,
for the first time collaborates with one of the icons of the Italian design: **Pininfarina**.

Mepra's solid experience and **Pininfarina's** constant aesthetic research
have created a **cookware collection** in the pursuit of timeless values: Beauty, Purity, Innovation.

The result is **STILE**, a refined and innovative cookware collection for the lovers of made-in-Italy.
An unmistakable design in which pure lines find harmoniously their place in everyday life.

STILE, with its contemporary and essential look, brings elegance in the kitchen without forgoing functionality,
making the cooking experience even more satisfying. The pureness of the lines and the clean geometries shape
a collection in which function and style reach the perfect balance.

“ Italian style means sense of proportions,
simplicity and harmony of line,
such that after a considerable time,
there is still something which is
more alive than just a memory of beauty. ”
